Profitable, Successful Big Crops

YOU are receiving this folder as a last call this season, to advise you that we are doing the largest volume of business in our history, and receiving hundreds of letters from our regular customers telling of the fine quality of plants always received from us. We wish you could visit us personally and see our fields of strawberry and other plants. Visitors say that our plants, both as to growth and quality, are the finest they have ever seen. This means that you are going to get plants from the Bridgman Nursery Company this year that have no equal; plants that are guaranteed to live and grow.

Prices Reduced — Buy Now

The prices which we are making in this folder are for new customers, to make new friends and get our plants known in every locality in the United States. These prices will not apply to any previously placed order, and are made for new and additional orders only.

Every Plant Northern Grown on Virgin Upland Soil

EVERY plant which we offer you at these low prices are the very best that you can buy. All grown on strictly virgin soil, upland fields that never grew a plant before; something that should be worth a great deal to you, as muck grown plants are worthless. Every plant will be freshly dug and packed for your order and to reach you in perfect growing condition. We grow these plants ourselves and we do strive to grow the best, that's why our customers stand back of us year after year. The high quality of our plants are our best advertisement. This is the basis on which we have built our business to one of the largest in the United States today.

Plant Progressive and Champion

The Best Two Everbearing Strawberries

EVERY plant guaranteed to live and bear you a crop of fruit all summer and fall. An unusual opportunity to buy everbearing plants at an unheard of price. **Buy now.** Next year they will be higher.

STAHELIN'S Plants are Guaranteed

STAHELINS plants are guaranteed to live and grow. We know that the stock which we offer to be the best, and we protect you by guaranteeing them to grow if given proper care and attention. We give you below, a letter which we received from one of our customers which shows the fine quality of our stock.

One customer living in Virginia has just written us a very pleasing letter stating he had grown some very fine berries from plants he received from us; that he had taken the prize at the Farmers display and taken such a fine photograph of the patch that a solicitor for another plant firm had offered him \$20.00 for the picture, but he said he thought he wanted to fool people by making them think they were grown from plants he was selling and he would not take the money. As they were grown from our plants, the picture belongs to us and we will show it to you in our next years catalog.

This letter means you can make money, many ways, from our plants. Fancy fruit prizes, money from photos, and other sources. They grow just as well in the north as in the south; a general favorite wherever known.

F. C. Stahelin & Son,
Bridgman Mich.
Gentlemen:

The 1000 Cumberland raspberry plants and 50 Concord grape vines arrived today in good condition.

Accept my thanks.

L. D. ALLMAN

F. C. Stahelin & Son,
Gentlemen:

We received our grapes and berries today, April 11, in good shape. They are surely first class plants and we are very glad that they are here, so we can get them set out, the boys were getting restless for the work was all coming together, so I wrote you another letter to send them as soon as you could, so we thank you for the nice plants and send our strawberries as soon as you can, so we can get the work out of the way, for we have lots of corn and potatoes to plant. The berries and grapes are a side line for the boys.

We remain,

Yours truly,
CHARLES OTT

F. C. Stahelin & Son,
Gentlemen:

A few lines to let you know that I received my plants in good condition. May need some more next season.

Yours truly,
LATIMER DRAWBAUGH

Stahelin's Guarantee

WE GUARANTEE every plant to be true to name, free from disease and taken from fields that have never been fruited; that they will live and grow; any that do not will be replaced at half catalog price if a signed statement is sent to us not later than 150 days after planting.
